### Notes

- Further predefined tables, statistical data and methodological notes, as well as the advance release calendar, are available on the ECB's website at <http://www.ecb.europa.eu/stats/money/aggregates/aggr/html/index.en.html>.
- For data as from the reference period June 2010, and henceforth, repo operations conducted through central counterparties (CCPs) are excluded from the M3 component "repurchase agreements", and reverse repo operations conducted through CCPs are excluded from the M3 counterpart position "loans to the private sector". These items are instead now included in the residual category "other counterparts of M3" and are presented on a gross basis as sub-components of this category. A statistical reclassification adjustment has been calculated at June 2010 to correct the relevant data on transactions and growth rates. For further details, see Box 3 in the September 2012 issue of the ECB's Monthly Bulletin (<http://www.ecb.europa.eu/pub/pdf/mobu/mb201209en.pdf>).
